Bhaktapur, Nepal | linkedin.com/in/saloneesthss

CAREER OBJECTIVE

Motivated BCA student from Swastik College with hands-on Flutter development experience through self-built projects. Proficient in Flutter widgets, designing, state management, and database integration. Seeking a Flutter Internship to contribute to real-world mobile applications and grow as a professional developer in Nepal's tech ecosystem.

TECHNICAL SKILLS

Mobile Development

Flutter, Dart, Android SDK

State Management

Provider, setState, GetX (Basic)

Database & Storage

SQLite (sqflite), shared_preferences, Local Data Persistence

Navigation & Architecture

Flutter Navigator, Named Routes, Multi-screen App Structure

Tools & Others

Git, GitHub, VS Code, Android Studio, Figma (Basic)

Programming Languages

Dart, Java (Basic), C (Basic)

PROJECTS

GenZee Wears – E-Commerce App *Flutter · Dart · SQLite · Navigator*

A clothing e-commerce app with product browsing, cart, and local data storage.

- Designed multi-screen UI including Home, Product Listing, Product Detail, Cart, Wishlist, and Checkout screens
- Implemented multi-page navigation using Flutter Navigation with named routes
- Build cart and wishlist functionality with local data persistence using sqlite
- Applied custom Flutter widgets, Poppins typography, and consistent design system throughout the app

Traveo – Travel Seamlessly *Flutter · Navigator · shared_preferences*

A travel discovery app featuring destination browsing, search, and saved favorites.

- Built Home, Destination Listing, Detail, Search, and Favorites screens with smooth navigation
- Designed visually appealing destination cards with image assets and category filters
- Implemented save/unsave functionality using shared_preferences for offline persistence
- Structured the app with reusable custom widgets for consistent UI across all screens

Clinigo – Doctor Appointment Booking App *Flutter · Dart · SQLite · Navigator*

A healthcare app for browsing doctors and booking appointments with local storage.

- Built screens for Doctor Listing, Doctor Detail, Appointment Booking, and My Appointments
- Implemented date and time slot selection UI using Flutter date picker widgets
- Stored and retrieved booked appointments locally using sqflite database
- Designed clean, user-friendly UI with speciality-based doctor filtering

EDUCATION

Bachelor of Computer Application (BCA) *2022 – Present*

Swastik College, Bhaktapur | Currently in 7th Semester

- Relevant coursework: Data Structures, OOP, Database Management, Software Engineering, Web Technologies
- Actively building Flutter projects alongside academic studies

+2 Management (HSEB) *Completed 2022*

Global College of Management, Mid-Baneshwor, Kathmandu

CERTIFICATIONS & COURSES

- **Extra Courses in College –** Flutter & Dart – Beginner Friendly and Basic Designs
- **YouTube / Self-study –** State Managements and Database Integration
- **Online –** Git & GitHub Crash Course

STRENGTHS

✓ **Quick Learner**	✓ **Team Collaboration**	✓ **Problem Solving**
✓ Attention to Detail	✓ Self-Motivated	✓ Deadline Oriented

LANGUAGES

Newari (Native) **Nepali** (Fluent) **English** (Professional – Reading, Writing & Speaking)
Hindi (Conversational)
